**Community Transit Authority CTA1325**

In consideration of use of a Community Transit Guarantee granted to us by **Prisma Logistics UK Limited**, for goods owned by us or under our control, or transported against our instructions; we hereby indemnify **Prisma Logistics UK Limited** in respect of all and any fines or charges which may be imposed by any EU, EFTA or Visegrad Customs Authority as liable against the non-discharge or mis-presentation of any Community Transit Document prepared by **Prisma Logistics UK Limited** for our benefit.

We understand that we will become liable to charges and fines should a Community Transit Document (NCTS or T-Form), issued by **Prisma Logistics UK Limited** for our benefit and against our instruction not be properly presented to Customs in the stated Country of destination within eight days of issue and, further, that charges may become due although alternative commercial evidence of the particular transaction being satisfactorily finalized is to hand.

We have been informed Customs Authorities sometimes insist evidence of discharge can only be confirmed by direct correspondence between the relative Customs Authorities and that neither **Prisma Logistics UK Limited** or any other party can influence that exchange. Therefore, it is necessary on occasion to accept charges/fines we believe should not be paid and to then pursue a refund from the relative Authority, by appeal if necessary. We accept that such charges may be demanded up to three years after the intended transaction, always against **Prisma Logistics UK Limited** as Principal to the Guarantee and that, however late or unreasonable such a charge or fine may appear, **Prisma Logistics UK Limited** must meet such a demand or UK H.M. Customs Excise would immediately withdraw their Community Transit Guarantee rendering them unable to maintain their business services.

We undertake to make payment to **Prisma Logistics UK Limited** on demand to reimburse any Duties, Taxes, Levies and Fines which may be claimed by any EU, EFTA or Visegrad Customs Authority against the COMMUNITY TRANSIT GUARANTEE granted by **Prisma Logistics UK Limited** to cover goods which, at the time of export from the UK may be owned by us, or under our control, or for which we have issued an instruction to **Prisma Logistics UK Limited**. Upon receipt of evidence that **Prisma Logistics UK Limited** arranged payment of such a demand, we here undertake to reimburse **Prisma Logistics UK Limited** within seven days and will accept an interest penalty of 1% per month or part thereof.

The above is a standing indemnity given by:
